Situation

Boston Lodge sits in establish formal grounds on the western side of Boston Spa, a village noted for its elegant individual homes, and wide range of amenities, including an interesting range of shops, pubs, restaurants, as well as schooling, and lovely walks along the banks of the River Wharfe. Whilst very much self-contained, Boston Spa is within 10 minutes drive of wider facilities in the picturesque market town of Wetherby, and situated in the heart of the Yorkshire Golden Triangle, bordered by Leeds Harrogate and York, all of which have connections to the East Coast main rail line. The A1(M) motorway passes near the village and offers swift accessibility further afield, particularly to the West Yorkshire conurbation for those wishing to commute.

Description

This elegant Grade II listed building, dates from the late C18th with later C19th additions and originally comprised a substantial principal dwelling with ancillary cottages. In recent decades, it has served as company headquarters and an office use remains a possibility going forward. However, the building would readily revert to its historic residential use with options including vertical and horizontal subdivision (subject to appropriate approvals). Alternatively, the main building could be used as a single dwelling whilst retaining an element of office use within the rear wing, or for other income generating purposes.

Accommodation

The building is predominantly arranged over two stories with a rear wing on the eastern side over three floors. The style and elegance of the original building is apparent when entering to a lovely panelled reception hall and other main rooms of a complimentary nature. The main feature staircase leads to rooms of similar proportion on the first floor with a secondary staircase connecting across all floors including the rear wing. The property is well screened by mature trees and hedging to the front, with a double entrance off the High Street giving an immediate sense of arrival with a sweeping driveway past the imposing front elevation. The building overlooks an extensive lawned garden, with a pretty side garden area in addition and courtyard parking to the rear. Overall the property stands in around 0.75 acres.
