Description

15 Waterside is a super home that has been cleverly reconfigured and redesigned by the current owners. The property offers quirky accommodation which flows beautifully encompassing many original features with the modern additions. The open plan living kitchen is a great space to entertain as it leads to the two outside areas-the patio garden to the rear and the raised balcony to the front with river views. Both perfect for alfresco dining or enjoying an evening drink. With the added benefit of a garage and driveway, this special home offers more than meets the eye. Briefly comprising:

To the ground floor: Entrance hall with generous entrance door, cloaks cupboard and stairs off. Fantastic open plan dining kitchen with extensive range of modern units and integrated appliances. A glazed door leads to the rear garden area and there is a further doorway leading to the cellar. This is a useful area which is currently used for storage but equally could be used as a hobby room. (there is reduced head height in this area)

To the first floor: Stairs lead to the landing which showcases the original beams and exposed steelwork of the Brewery. There are two bedrooms accessed off the landing and the beautiful house bathroom which could easily have featured in an interiors publication.

To the second floor: Stairs lead to the sitting room and the master bedroom and stunning ensuite shower room. (the master bedroom has access to the loft which is boarded (for extra storage) and insulated).

Situation & Amenities

Waterside is a delightful development walking distance from the centre of Boroughbridge in the village of Langthorpe. The development has a degree of exclusivity and is highly sought-after. There is a mix of property types including apartments in the Maltings, modern town houses along with conversions of original buildings. This means that there is a mix of ages on the development and makes for a fantastic community. There are many events that take place throughout the year which the residents participate in.

Outside

Brick and stone steps to the front of the building lead to the attractive wrought iron balcony with railings. This has amazing views over the open space and river beyond. To the rear is the enclosed garden area and paved patio which is accessed from the dining kitchen and from the rear access gate and path. There is a garage positioned in a block opposite the front of the property and driveway providing off street parking. There is additional residents parking to the front of the home perfect for visitors. The residents of Waterside pay an annual maintenance charge and they have exclusive use of the garden area adjacent to the river.

The Appeal of our Home

From the moment we first saw this house we've loved it! With its history and beautiful river views it has allowed us to create the perfect blend of old and new, in an unbeatable location. Since adding the balcony we eat dinner outside every day throughout the summer, yet can also enjoy the seclusion of morning coffee in our back garden on weekends, to the sound of the weir. We love how its unassuming frontage opens into a bright, warm space with a Tardis-like feel, after our careful renovation made the most of every inch and original feature. Waterside has a safe and welcoming spirit and seasonal events are held on the grass for residents. We feel privileged to have lived here for 12 years and played our part in this building's history in what is a truly unique and special house.

Services & Other Information
