Situation and Amenities

Stow House lies on the edge of the popular village of Aysgarth in Wensleydale at the heart of the Yorkshire Dales National Park. Leyburn is the nearest market town about 9 miles east whilst the historic town of Richmond is 16 miles away.

The village has a thriving local shop, two pubs, a garage, doctors' surgery and a church while Leyburn offers a full range of shops and services. The nearest Primary school is Askrigg & Bainbridge Primary and Nursery about 2 miles further up the dale and Wensleydale School and Sixth Form College is in Leyburn. Aysgarth Prep School is in Newton-le-Willows about 15 miles down the dale.

Aysgarth is very accessible, being only 18 miles from the A1 at Bedale and about 22 miles from Northallerton train station on the main East Coast rail line with regular connections to London (around 2 hrs 20 mins), York (30 mins) and Newcastle (45 mins). The nearest international airport is Leeds/Bradford.

The main attraction of the location is, however, the stunning scenery of the Yorkshire Dales National Park right on the doorstep with its abundance of trails and waterfall walks suitable for all abilities, with pubs and cafés welcoming visitors from far and wide. Travel a little further afield to discover excellent restaurants, Bolton Castle, Richmond Castle, White Scar Caves, Hardraw Force and the Black Sheep Brewery at Masham.

Stow House

Stow House is a particularly impressive Victorian country house (former vicarage), built in 1876 for the Reverend Stow, the Rural Dean of Wensleydale, on a sunny south facing site on the edge of Aysgarth village with truly glorious views over the dale. It is currently run and occupied as a boutique Bed & Breakfast business, but has planning consent for reversion back to residential.

In 2014 the house was completely refurbished from top to bottom with a new roof, new double glazed timber sash and case windows, repointing, and with new heating, plumbing and electrics throughout. Rooms have been remodelled and configured to create exceptional bedroom suites and reception space alongside a stunning kitchen/breakfast room which functions equally well for commercial catering as it does for family use. The presentation of the whole property is stunning.

In addition to the house refurbishment a separate annex has been built. The annex has been very cleverly designed to link in with the main house whilst using modern and traditional styles and building materials. It blends cedar cladding with stone and glazed walls and has a sedum roof.

The accommodation is over three floors and currently provides:

Ground Floor – vestibule, hallway, library, dining room (16 covers), sitting room/bar, kitchen/breakfast room, cloakroom with WC, utility, bedroom with ensuite shower room and cellar.

First Floor – Three bedroom suites.

Second Floor – Three bedroom suites.

The annex is linked to the main house whilst being positioned to take advantage of the beautiful view over the garden and the dale beyond. The accommodation is sleek and modern in contrast to the traditional Victorian house and includes:

Open plan sitting room/kitchen and two bedrooms, each with ensuite shower rooms. The adjoining drying room is a useful addition.

Gardens and Grounds

The house lies in a large area of garden extending to about 1.78 acres and includes sweeping lawns to the front, a sheltered walled area to the rear with herbaceous borders and orchard trees. There is also a small paddock for pigs or poultry and a large gravel sweep entrance with plenty of parking. Majestic specimen trees by the entrance are cleverly lit providing a welcoming approach even in the depths of winter.

The Bed & Breakfast Business

Stow House has been running as a very successful boutique Bed & Breakfast business since 2014 with exceptionally high occupancy rates and consistent repeat business from satisfied customers.

Trading accounts for the previous three years are available to interested parties on completion of non-disclosure forms.

The business website is www.stowhouse.co.uk

Planning

Planning consent has recently been granted to return the property to full residential use should that be required.

Services

The property is connected to mains electricity and water. Drainage to a private system was recently upgraded to comply with current regulations and is shared with the neighbouring cottage. Heating and hot water are from an oil-fired boiler located in the cellar. Aysgarth has also been connected to superfast broadband.
